

FIRST ANNOUNCEMENT

Dear Colleagues!

It is our great pleasure to invite you to the XX. Middle European Buiatrics Congress organised by the Slovenian Buiatric Association.

The Congress will be held in **Terme Zreče**, Cesta na Roglo 15, 3214 Zreče, **from May 26 to May 29, 2021** (<https://www.terme-zrece.eu/si/>).

The MEBC starts on May 26, 2021 with a workshop at one dairy farm nearby Zreče. The Opening Ceremony will be in the evening of May 26. Lectures and posters will be presented from May 27 to May 28.

An excellent programme will be prepared for accompanying persons, who may enjoy the great nature and many tourist attractions in that part of Slovenia.

The Congress is organised for veterinarians, veterinary students and other interested persons in the field of bovine health management. An important aim of the Congress is to promote scientific discussions between researchers and practitioners in buiatrics from different countries.

We all hope that next year corona virus will not ruin our plans. We wish to meet each other after a long period of time and that we will be able to sit together at the same table.

All details will be sent in the next months.

Welcome in Slovenia!

Ivan Amon, DVM

(President of Slovenian Buiatric Association)
